1970 Dodge Coronet R/T

Wayne Barfield • RF Henry Tile Co.

I bought this car for \$250 from an individual who found it at a junkyard. It had a bullet hole in the roof and a county sheriff sticker in the back window. It has a 440 engine with a 4-barrel carburetor and a automatic transmission.

Did you know the Extreme Deck Kit provides a double layer of waterproof protection for exterior decks and balconies in the convenience of a kit? The Extreme Deck Kit contains NAC TAC primer, SubSeal® liquid waterproof membrane, seam tape, preformed corners and polyurethane sealant. When combined with two rolls of Strataflex sheet membrane, the Extreme Deck Kit contains everything needed to cover a 300 Sq. Ft. deck.

MAY 2014

Did you know Super SAM™ 125 is the most effective "all-in-one" membrane on the market today? Super SAM™ 125 is about 1/8" thick and is engineered for use without a sound rated ceiling assembly. Super SAM™ 125 has a light commercial/residential load rating and is composed of modified elastomers, sound deadening resins and reinforced woven fibers.

www.nacproducts.com • (800) 633-4622

1963 Lincoln Continental
Dave Boyzee • Tling Trade Supplies Ltd.
I bought this car in Wisconsin and updated several things including 20" mag wheels on a bags, customized dash with Rockford Fosgate sound system and new black leather interior. It arrived in New Zealand in March of 2013.

JULY 2014

Did you know NAC TAC (Blue) can be used for interior and exterior applications while NAC TAC I (Green) is for interior use only? The primers are NOT freeze/thaw stable. NAC TAC and NAC TAC II primers are necessary components of NAC Systems and are required in order to meet minimum shear strength mandates by ANSI A118.10 for load bearing, bonded waterproof membranes.

1929 Model "A" Roadster

Don Halverson • Forensic Tile Consultant

This rare "open cab" is basically all original. It was burned up in 1955 by the previous owner and then sat in a warehouse for almost 30 years. I acquired the pickup in March 2002 and replaced the water pump, starter, generator, fuel gauge, speedometer and will replace the engine soon. There is no end to proper restoration, however my grandkids love the ride.

SEPTEMBER 2014

Did you know Moisture Lock® is a chemical liquid hardener for cementitious and porous substrates? Moisture Lock® strengthens and hardens substrates to minimize absorption while maximizing the coverage of NAC primers.

1970 Mach 1 Mustang

Sam Feltner • Feltner T & L, LLC

The Mach 1 is Wimbledon White with a 302 Windsor and includes factory air, duals, both goldens, Magnum 500's, automatic and lowers. When bought this car in 1987 it had been wrecked and sustained a front which left 12 inches of rust covering the floorboards. After total clean and original 14 months of hard work out of a 3-car garage, the Mustang has been sealed in drive.

OCTOBER 2014

Did you know **ECB® Classic** is the original anti-fracture membrane? Brought to market in 1983, **ECB® Classic** provides crack isolation up to 3/8" and is available in 1'x50', 2'x50' and 3'x50' rolls.

www.nacproducts.com • (800) 633-4022

1967 Thunderbird

Steven Daugherty

Steven M. Daugherty Contractor, Remodeling

I am the third owner of this car! purchased in 2005. It has the 'hardtop' sliding front compartment with 18-way steering wheel, air power windows, 'suicide' doors, retractable headlights and unique sequential rear turn signals. The vinyl roof and interior are original...I did a total mechanical restoration including a 390 cubic inch V8 engine and a C3 Ford automatic transmission and I repainted it the original Wimbledon White.
