**1961 Ford Thunderbird**

Michael J. Keenan • PROCON • Granby, CT

My frugal Grandfather bought this car new in 1961 and I'm the third generation to own it. It has the optional "swing-away" steering column to aid entry and exit, power steering, power brakes, power seats, air conditioning and an optional driver's side rearview mirror. It's in original condition and has never been painted.

Ronald Schwartz • J. Colavin & Son, Inc. • Los Angeles, CA  
I purchased this car at the age of 13 and began a five year frame off restoration. I received guidance from my Dad and matching funds from my parents to complete the restoration. It was a great teaching project in organization, mechanics, economics and job responsibility.

**1940 Ford Standard (Businessman's) Coupe**

MISSOURI

Chris Pattavina • TCAA • Kansas City, MO

My parents bought this car off the showroom floor in Kansas City in 1964 and gave the car to me in 1977. It has a 260 V8 engine, automatic transmission and a front bench seat instead of the usual bucket seats. It has all the original parts including the factory chrome and has 103,000 actual miles.

I have owned several Jaguars' over the years but the 1964 Series 1 XKE Roadster is a true sports car. My son and I found this setting as we were returning from the annual "Standing on the Corner" festival in Winslow, AZ (commemorating the classic Eagles tune) on historic Route 66.

## CALIFORNIA

**Joe Salvo • Miracle Sealants Company • Arcadia, CA**

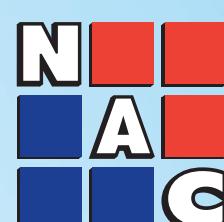

I spotted the car at the Woodward Dream Cruise in Detroit. I met the owner and two weeks later I purchased the car and shipped it to California. A rotisserie restoration by the previous owner added a '68 Hemi Tribute with Dave Koffel built 528ci Hemi. It was also outfitted with a Gear Vendors Overdrive/Gear Splitter and 4-wheel disc brakes making the beast fun to drive on the street! Featured cover story on Muscle Car Review magazine in July 2009.

This custom-bodied 1938 Packard was built by renowned automaker Howard "Dutch" Darrin and one of only eight made that year. It was once owned by movie star Gary Cooper. I undertook a complete mechanical and cosmetic restoration and drove it 4200 miles from New York to San Francisco along the Lincoln Highway.

## California

Eric Ross • Eric Ross Tile Co. • Redding, CA  
Known around the shop as "Betsy," I acquired her as my first company vehicle in 1994. She took a 5 year hiatus in the mid 2000's until one of our guys wanted her as a daily driver. She came out of retirement with a facelift and rebuilt 460 motor. She has a severe drinking problem (gas) and does most of her work close to town. Betsy is expected to be part of our fleet for years to come.

1969 Chevelle SS396

Mark Jones • Commercial Tearout Services, Inc. • Spokane, WA  
I bought this in 2001 and took 7 years to restore it to its stock condition.  
I changed the color to black but the rear seat and door panels are  
original. I did virtually all of the body, paint and engine work myself  
and returned it to factory rally wheels. It is fun to show off and has won  
some awards.

**CAL**

Al Koch • AOK Tile (retired) • Thousand Oaks, CA  
I found this car about 10 years ago and it has everything my previous 1915 Model T didn't have. Lectric starter, lectric overdrive, two speed axel and Rocky Mountain brakes in mint condition. She has been the joy of my life and every time I take her out folks stop, look, smile and wave.
